Unlocking Business Potential

# Make Smarter Decisions with Yunefy Reporting

# The Importance of Visibility

Clarity That Drives Growth

No more spreadsheets. No more stale data. With Yunefy, your team can move from guesswork to strategy—powered by metrics you can trust. Create custom reports for your teams and schedule them to be emailed weekly or daily. Never miss a critical update—even when you're not in the system.

**Your Entire Business at a Glance**  
Monitor orders, inventory levels, fulfillment status, returns, and more in real-time. **Yunefy's real-time operational dashboards** help managers and executives spot issues fast and make informed decisions

Inventory  
Management  
Insights

# Inventory Reports: Stay on top of every unit you own

Track inventory by SKU, location, age, and velocity. Get insights into dead stock, reorder needs, and category-level trends. Stay on top of every unit you own.

# Sales & Channel Insights

Track What's Driving Growth

Break down performance by channel, geography, or time period. Yune fy highlights best-selling SKUs, peak seasons, and declining product lines—so you can act early
